Dear Sponsor

All over the United kingdom and Ireland, individual participants and teams are walking, swimming, running and cycling etc... a minimum of a mile each towards a record breaking 1,000,000 mile fundraising target for Merlin's Wish Foundation, who grant magical wishes for children suffering from terminal and serious illnesses. You can visit [www.wishfoundation.org.uk](http://www.wishfoundation.org.uk) to learn more about the Foundation.

Please sponsor my mile(s), the money I raise will help, wishes become a reality for children like Rebecca.

More than 150 children, each suffering from a terminal or serious illness, have had their magical wishes agreed but are currently having to wait up to 12 months to have them granted. Tragically some of those children may pass away before their wishes can be granted so we desperately need to bring that waiting time right down.
